Formation of the Fort Worth Land and Street Railway Company and Purchase of the

Resedale Line-Pitteen Miles of Electrie Road to b. Operated-The Valuable Real Estate

Owned by the Corporation-Buildings to be Brected-Parks, Stinded Drives, Eisctrie Bund and Club House

When Messrs. E B Chase, G. L Hurley and others early last spring, placed nearly \$400,000 worth of valuable real estate in escrow to the order of Mr. Thes J Hurley, and charter after charter was secured for different routes of the street care, and an old and valuable franchise obtained whereby the company in addition to its street car priviledges has the right to buy, sell, lease or rent lands, houses, ranches or mines, or city property; buy or s Il cattle or other live stock; to loan money on land or land securities, or cattle, and to do a general agency or trust

People have wondered what it all seent. Il mor had it that Mr. Hurley es acting for a syndicate of wesithy bankers to the east, but so quietly was everything done that even the purchase of so important a piece of property as the Ruse tale Street Car Line was not known outside the parties in interest. Other important negotiations and matters of great importance to our city are pending and will come to a close this As many of the document in menth this affair are now matters of cfil nal rece rowe lay before our readers the facts a reference to this corporation as they appear:

Last winter Mr. Harley discussed the question of increased street car facilities, cisiming that not only would it be profitsole, but that if he could control tesirs. do the whole affair, and asked some of the gentlemen present to join sim. A Texas: syndicate was quietly formed here and his saw and placing mill, increasing his Mr. Hurley's eastern friends joined capacity. hands, the result of which is a deat involving over \$500,000 First the Leich, then the Hanter tract, next came the McCart preperty, then other preces in various places, then charters creamery. for street car lines were obtained on the Colmesse following streets, which at a glance show that this company controls about every-

### TEXAS WEATHER CROP BULLETIN.

The Wet Weather and Beavy Fronts Inin jurious to the Cot.on Crep. poorni to the Gazette.

LIVESTON. Fox . Nov 10 -Weather crop ulletin No. 10 for the week end-

Temperature-During the greatr port of the week the temperature in axis was above normal. During the last three days, however, a cold northe ravailed, and in some parts of the state billing frost constreet, principally in the conthern and western countles. A light rost also occurred to some of the central cuttles and as far south as Colorado county, but it is thought that no serious damage was done. In most of the counties it is reported that there is too much sap in the stalk, which prevents maturing and free opining. What is wanted now is clear and cold weather. The mean emperature for the state was 60 , wa'co souly 2" below the average of last week

Reintall and Sunshine-The rainfall uring the past week has been above versge, and has affected the cotton crop injuriously. Of sunshine there has not ocen the average amount. With the election excitement and bad weather picking es been somewhat relarded. It is now lest and cool, and everything looks favorable for a prosperous week is cotion. The latest indication are for bright and pleasant weather. Ex tracts from reports:

O car Samos's. Austin-The weather during the fir t of the week was unusually It was followed by a corther and rais, but most charming weather is prevailing now, and every thing looks prosperous. E A Sterling, Bolton-The weather during the past week was cloudy, but it

re sried on account of the bad weather and the election. Bolls are plentiful in otton, and the prospects are good for a third more yield T. B Elrod, Columbus-A light frost scourred Thursday night, hardly suffl cient, however, to damage growing cot ton. The heavy rain and present norther

is now clear and pleasant. Picking was

have slightly damaged cotton. W. H Hamilton, Corsicans-Cotton is very slow in opening, too much sap in ne staks. The ramfall bas affected the J P Barry, Cedar Hill-There is a cold

emperature has been falling all day. Wheat is looking well. Joseph Cottam, Lagrange-The weather physician was summoned and his broken has been generally favorable to the crop ton shipped from Fayette county to October 31, 30,844 Of this number there were soipped from Schulepburg \$500; Fistonia. 0655; West Punt | 1008; LaGrange, 6368; El inger, 3177; Ledbeuer, 2051; Fa. ettes

frost on the morning of the 9th. Indicailous favorable for good top crop.

It was decided to discontinue this bulletin with the issue of less week, but Brown, a fermer, who lived near North at the solicitation of interested parties has continued simpetimes antly till about the publication will be continued for a

vole, 1900; Moldoon, 169, and Carmean,

while longer. Stillwall's bressiast be Turner, McClure &

Christmes and New Year cards from 5 % to \$5 at L tchwesth Bros.', 812

TO ADVERTISERS.

THE GAZETTE has a firstclass artist connected with its stablishment—one who can tesign, engrave and make any Nov 10, Galves, out an advertiser may desire, it as low a rate as can be tone north or west.

There is no reason why you hould not illustrate your adrertisements as is being done n all large cities. For particdars apply at THE GAZETTE mamesa office.

Correspondence of the Gazette. DERTER, TEX. Nov. 8 -A cold rain began falling here yesterday morning and 4 p. m. to day, when it began showing, and rein and snow have been falling now about four hours, and it looks as if it eversed hems and would snow all night. We have as yet Torner, McClure & find to freeze to demage late cotton, but
